Managing SMGA Events On Site Through USGA-TM Part 2 – Using Blinds and Looking at Results

• But what if you need a Blind? You have a no-show, or a player drops out after a few holes, or you didn't have a complete foursome?

• At the Tournament Manager's Home Page, click on our old friend ROUNDS.

Putting in a BLIND means you have to Edit Existing Pairings. So click on that link.

https://www.golfgenius.com/pairings/6077090447044403772/edit?tee_times=1

- Now you'll see all the pairings.
- Scroll down to the pairing in which you need a blind or the pairing with a guy who cancelled late.
- For now, let's assume we're replacing a guy who has cancelled. Click on REMOVE PLAYERS.

Random Scores 🛈

- The net scores of the gent you selected as the BLIND are automatically populated in the foursome he's substituting in.
- You won't have to do any separate calculations for that foursome!

- Enter the gross scores for the other three players and you have the score for the team.
- You don't have to do any separate calculations for that foursome!
- This foursome was GREAT on the front 9, where the BLIND really helped. Not as strong on the back 9.

C

- Finish entering all the scores.
- Post to GHIN.
- Event is complete!
- TM's default is to award both prize monies to Blinds if their own foursome AND the foursome for which they are the Blind "cash."
- According to TM, there is a way to set up the Event such that Blinds only get one prize, but it seems as though TM then reallocates the total foursome's winnings across the remaining three players.
- So rather than having this happen, don't make any other adjustments. If a Blind wins two prizes, he gets the money for the higher place finish. Ask the pro shop for a gift card for the winnings of the lower place and bring it for the raffle at the Annual Meeting.
